Advertising Policy

Advertising is subject to approval by the American Medical Association (AMA), which reserves the right to decline advertising deemed not in keeping with the publication's standards. Advertising orders are accepted subject to the terms and provisions of the current rate card, and conditions set forth in *Principles Governing Advertising in Publications of the American Medical Association*, which by this reference are made part of this rate card.

No conditions, printed or otherwise, appearing on insertion orders, billing instructions, or copy instructions conflicting with AMA's stated policies shall be binding on publisher. Positioning of advertising is at discretion of the publisher, except when a preferred position has been confirmed in writing by Advertising Services. Conditions other than rates are subject to change by publisher without notice. All new advertisements should be faxed to Denise Steinhauser at (312) 464-5840 for approval.

Short-Rates and Rebates

Advertisers will be short-rated if they do not attain the frequency upon which their advertising has been billed during the 12-month contract period. Advertisers will be rebated if they earn a more favorable frequency rate.
